- PROTECTIVE GARMENTS
- EYE & HEARING PROTECTION
- FALL PROTECTION
- HEAD PROTECTION
- FIRST AID PRODUCTS
- RESPIRATORY PROTECTION

Preparedness On The Jobsite

Injuries are bound to happen on a jobsite. PIP/Dynamic first aid kits are compact, easily identifiable, and contain the supplies you need to treat workplace injuries and potential emergencies. We have kits for many situations and can personalize them as well.

Safety Products You Can Trust

Over the last 10 years, PIP® has grown its product offering in personal protective equipment to deliver head-to-toe protection. Today, in addition to knit gloves and sleeves, we manufacture hard hats, face shields, ear muffs, ear plugs, fall protection, first aid, and more.

First Aid Products

KEY TO FIRST AID IN THE WORKPLACE

When working in a high-risk environment, workers need to be able to react quickly to treat workplace injuries and potential emergencies. First Aid focuses on providing care immediately to injured patients until professional medical assistance arrives, helping to prevent injuries from worsening, and to relieve pain.

First Aid Kits

Are classified based on the assortment and quantity of first aid supplies intended to deal with most types of injuries that may be encountered in the workplace. These may include major and minor wounds, minor burns, sprains and strains and eye injuries. As each work environment is unique, it is expected that the contents of each kit will be supplemented as needed.

Wound Care

These items, such as adhesive bandages, have as their main objective to help prevent infection and other complications, in addition to helping accelerate the healing process while promoting a reduction in scarring.

Emergency Eye Wash

Is designed for the cleansing of the eye from small impurities or to reduce injury severity while travelling to a plumbed eye wash station and/or a medical professional for assistance. The need for emergency eye wash stations is based on the types of chemicals being used and the tasks being done in the workplace.

Medical Instruments

Include a wide array of tools and equipment, from materials that aid in the application of first aid to emergency room supplies and EMS products.

CSA Z1220-17 First Aid Kits Requirements Guide

Bandage Dispensers

FADISPR

FADISPB

Created specifically for the industrial market, these dispensers are easily installed and contain four different shapes of fabric bandages. Ideal in work areas where easy access to bandages is required, as they prevent loss of time from searching through a first aid kit. Colour coded red for standard type, and blue for metal detectable type.

FEATURES

- Dispenser and bandages are colour coded
- 4 different shapes of fabric bandages
- Prevents loss of time from searching through a kit
- Easy to install and to use

BANDAGE DISPENSERS

PART NO	DESCRIPTION
FADISPR	REGULAR ADHESIVE FABRIC STRIPS DISPENSER INCLUDES: 1 SET OF ADHESIVE FABRIC STRIPS (24 OF 3″ X ¾″ AND 16 OF 3″ X 1″) - 1 SET OF FABRIC ADHESIVE KNUCKLE STRIPS (16 OF 3″ X 1-½″) - 1 SET OF FABRIC ADHESIVE FINGER TIPS (16 OF 3″ X 1-¾″)

Gravity Fed Eye Wash Station

FAEWST16

FEATURES

- 16 gallon self-contained gravity flow station
- Delivers 3.533 L per min for 15 minutes
- Hi-vis green body easy to locate in an emergency
- Robust with reinforced ribbing to ensure durability
- Integrated flow nozzle is activated by lowering the yellow tray
- Waste water is directed through drain opening in basin
- Includes 3 ft drain hose to direct waste water
- Includes steel wall-mounting bracket
- Includes 8 oz bacteriostatic additive (FAEWC08) which protects against growth of bacteria, fungi, and algae
- Weight: 13 lbs empty, 146 lbs full
- Complies with ANSI Z358.1

Ideal for use in remote areas where a continuous supply of water is not available

Bio Med Wash®

FAEWBM03

FAEWBM07

BIO MED WASH® is a sterile, heavy mist containing 100% Bio-Logic Aqua®, an all-natural, pH neutral, pure tissue-culture grade of water. Ideal for removing particulate matter and crusted exudates from cuts and abrasions, and in removing irritating chemicals from skin and eyes.

FEATURES

- Emergency pH neutral eye wash
- Replaces distilled, saline, and tap water for most applications
- Washes dirt and other contaminants from cuts and lacerations
- Helps remove irritating chemicals from eyes and skin
