

# SELF-RETRACTING LIFELINES

## COMPLIMENTARY SRL RECERTIFICATION PROGRAM

REGISTER YOUR DYNAMIC® SRL WITH US AND RECEIVE A **FREE** LEVEL ONE RECERTIFICATION AS A TOKEN OF OUR APPRECIATION FOR YOUR BUSINESS

### STEP 1: REGISTER

Click [this link](#) or scan the QR code below to fill out the registration form for your Dynamic® self-retracting lifeline, including our leading edge series.

### STEP 2: RECEIVE A REMINDER

As the one year anniversary of your purchase date nears, you will receive an automatic reminder email that your SRL requires recertification.

### STEP 3: FREE RECERTIFICATION

Bring in your SRL to the dealer you purchased it from, who will organize that it be sent back to our authorized repair center for evaluation. As a thank you for registering, the level one recertification will be completed free of charge. Note that if any parts need replacing to ensure performance and compliance, a detailed quote will be provided for your approval.

### STEP 4: FOLLOW-UP

You will receive additional reminders on each subsequent purchase date anniversary, however recertifications past year one will be completed at their regular rates.

### PLEASE NOTE

To complete the registration, you must record the in-service date (the date the SRL is first used) in the white grid area on the product label, and then apply the transparent overlay provided with your SRL to protect this information. This allows us to confirm the SRL's eligibility for recertification.
