

PROTECTIVE INDUSTRIAL PRODUCTS

BOSS FOOTWEAR

ADVANCED PROTECTION & COMFORT

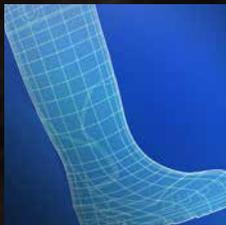

www.pipcanada.ca

Boss® Footwear is designed with advanced materials that offer maximum comfort and protection against work hazards across multiple industries.

NOT JUST A BOOT

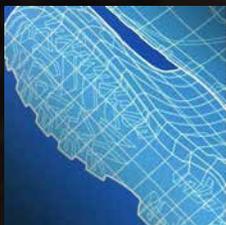

Innovative Design

Made with materials that are **up to 25% lighter** than traditional, heavy PVC boots. Optimized design follows the shape of legs and ankles to improve comfort when walking.

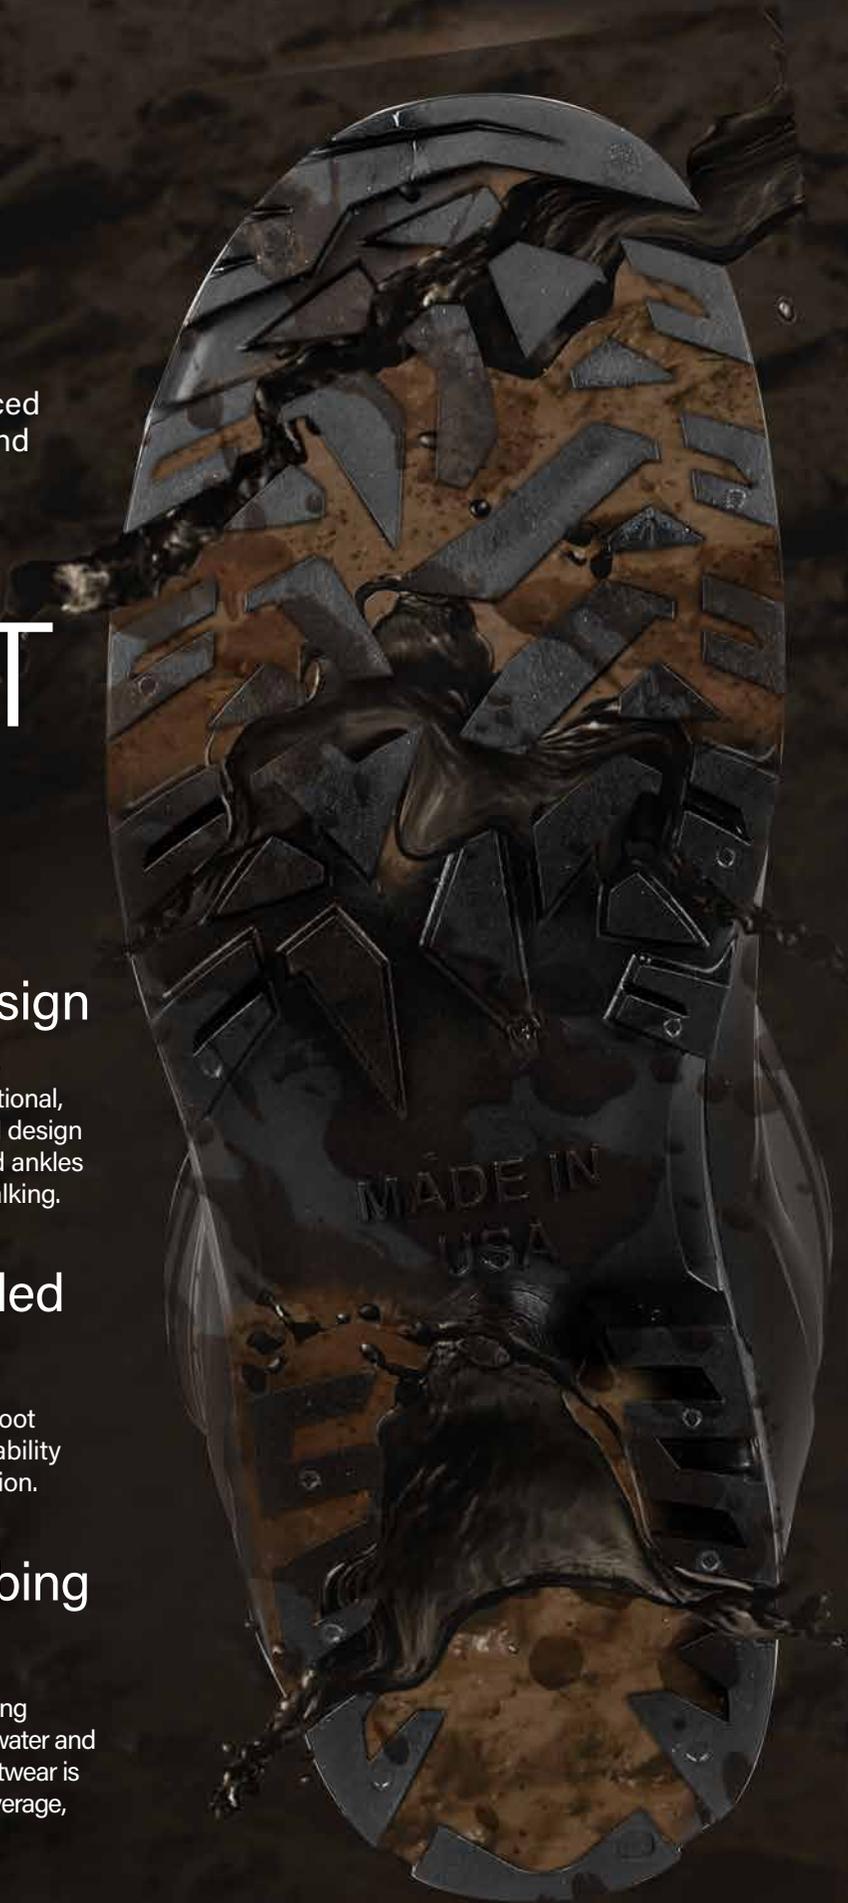

Injection Molded Technology

Results in a higher quality boot **PLUS** greater flexibility, durability and more advanced protection.

Energy-Absorbing Outsole

Paired with an energy-absorbing outsole design that channels water and mud outward. PIP's Boss® Footwear is designed to provide better coverage, flex and traction.

**ENHANCED DURABILITY,
PROTECTION AND COMFORT**

16" PVC Full Safety Steel Toe and Midsole Boot

PC383820

- Flexible steel puncture resistant midsole reduces risks from sharp objects and meets ASTM F2413 PR
- Energy absorbing tread adds all-day comfort
- Less toe spring allows for more surface contact for improved channeling of water for better traction, slip resistance and comfort
- Tough outsole for good abrasion resistance
- Flexible upper material stays supple in cold temperatures to make walking easier
- Midsole is designed to utilize additional material in the standard area of the shank providing increased support and comfort
- Lower profile "kick off" ledge on back of boots for ease of removal
- Meets ASTM F2413-18 M/I/C Impact and Compression
- CSA Certified
