BRANDS THAT EXTEND AROUND THE GLOBE.

PROTECTING HANDS

Up to 30 percent of hand injuries are attributed to fit, wear or simply the wrong type of glove for the hazard. PIP® believes it can help eliminate hand injuries on the job. Industry-leading G-Tek® and ATG® coated seamless knit gloves are engineered to enhance the protection and performance of the most sophisticated work tool, the hand.

SAFETY PRODUCTS YOU CAN TRUST

Over the last 10 years, PIP® has grown its product offering in personal protective equipment to deliver head-to-toe protection. Today, in addition to gloves, sleeves and protective eyewear, we manufacture hard hats, face shields, ear muffs, ear plugs and first aid products.

KEY TO SAFETY IN AUTOMOTIVE

**THE AUTOMOTIVE INDUSTRY IS DYNAMIC AND EVER-CHANGING.
WORKERS NEED PPE THAT EVOLVES WITH IT.**

The automotive industry poses many hazards for workers, whether they're manufacturing parts or assembling vehicles. According to Statistics Canada, workers in automobile and motor vehicle manufacturing have higher rates of injury and illness than workers in most other industries. PIP® offers a full line of products for auto manufacturing workers who are exposed to assembly line work, dangerous machinery and jobs that are physically demanding.

Hand Protection

Protection against cut/laceration, abrasion, oil/liquids, heat/sparks and repetitive use.

Protective Workwear

Protection against splashes and sprays, dry particulates and accidents caused by poor visibility.

Safety Glasses

Protection against oil, metal and plastic filings, liquid splash and other debris.

Head Protection

Protection against falling objects, struck-by hazards and other unplanned events.

Hearing Protection

Protection against prolonged exposure to the noise of casting, grinding, stamping and plant operations.

First Aid

Provides the ability to react quickly to treat workplace injuries and potential emergencies, until professional medical assistance arrives.
