PiActive™ DEET Free Insect Repellent

Mosquitoes and other parasitic insects are attracted to the carbon dioxide gas that we exhale. Our unique DEET free PiActive™ insect repellent blocks the scent receptors in these insects, making it difficult for them to recognize us as a food source.

PIACTIVE™ DEET FREE INSECT REPELLENT

- Provides up to 12 hours of protection
- Effective against mosquitoes and ticks
- Non-scented, non-greasy, and not sticky
- Dermatologically tested to be skin-friendly
- Safe on fishing lines, plastic, and other synthetic materials
- Safe on children 6 months and older
