QUICK REFERENCE GUIDE

HARD HATS TO SAFETY HELMETS

Over the past 40+ years, the evolution of hard hats has remained minimal while the complexity of industry-specific hazards and jobsites continue to evolve. Today, construction and industrial workers demand versatile head protection to overcome fallen objects, falls from heights and many other potential threats. **Safety helmets provide a more complete protection against the challenges and risks associated with working at heights.**

THE RISK IS HIGH

4 FEET IS ALL IT TAKES

Traumatic brain injuries are responsible for a quarter of all annual construction worker fatalities. That is why workers are turning to our next generation CSA Type 1 & 2 safety helmets.

Unlike traditional hard hats that are prone to falling off, safety helmets stay secure to a worker's head in the event of a fall from an elevated working surface.

WORKERS

Workers are better protected with safety helmets from impact between the head and ground, which consequently results from falling while working at heights.

EMPLOYERS

Having workers equipped with safety helmets can help avoid worker injury and help reduce the overall liability of the employer.

Engineered for maximum reliability and performance. The Dynamic® Rocky™ is manufactured in North America and delivers comfort, protection, and value.

EXCEPTIONAL COMFORT & FIT

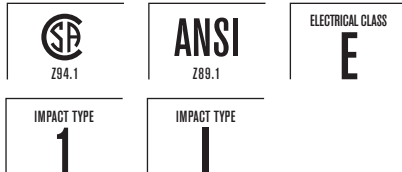

Dynamic® Rocky™ HP141R

- Super lightweight ABS/ Polycarbonate shell
- CSA Type 1, Class E and ANSI Type I, Class E

COLORS AVAILABLE

CERTIFIED PROTECTION

APPLICATIONS

Construction // Tower Climbing // Oil & Gas
Wind Turbines // Arborists // Rescue

LATERAL IMPACT PROTECTION

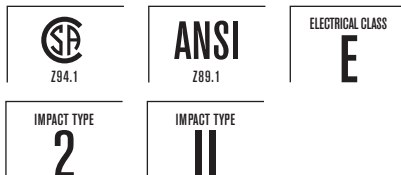

Dynamic® Rocky™ HP142R

- Super lightweight ABS/ Polycarbonate shell
- Foam lateral impact protection
- CSA Type 2, Class E and ANSI Type II, Class E

COLORS AVAILABLE

CERTIFIED PROTECTION

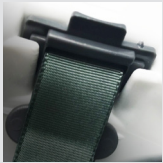

APPLICATIONS

Construction // Tower Climbing // Oil & Gas
Wind Turbines // Arborists // Rescue

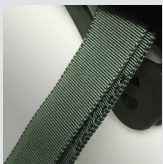

FEATURES & BENEFITS

4-point quick-release suspension for a proper fit

Double-layer textile straps for a secure fit

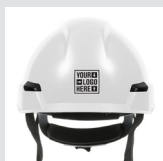

Accessory slots

Inner padding for added comfort

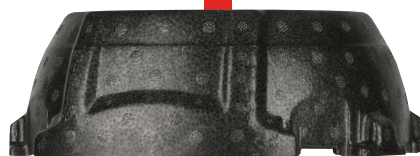

Sure-lock wheel ratchet for an effortless fit

Fast, easy, and precise custom logo services available

SUPER LIGHTWEIGHT
POLYCARBONATE/ABS
SHELL

INTEGRATED
HI-DENSITY INNER
SHELL FOAM LINER
(TYPE 2 HELMET ONLY)

ADJUSTABLE

& CHIN STRAP

ACCESSORIES

Replacement Suspension
HP142RS

- Fits Rocky™ helmets
- Packed per each

Replacement Foam Liner
HP142FM

- Fits Rocky™ helmets
- Packed per each

Lamp/Goggle Clip
HPSLH

- Holds the lamp strap in place
- 4 clips per pack

Deluxe Industrial Kit
NPK14

- Includes (1) HP142R15 helmet,
- (1) EPB103 bracket, (1) EPWM815 mesh visor,
- (1) NP118 NRR25 earmuff

Face Shield Bracket
EPB103

- Fits Rocky™ helmets
- Packed per each

Preformed Visors
HP815PF60

- Clear polycarbonate preformed .06 in thickness
- 10 visors per pack

PART NUMBER	DESCRIPTION	PACKED
HP1X401	Dyna-Brite™ reflective strips - White	16 strips per pack
HP1X402	Dyna-Brite™ reflective strips - Yellow	16 strips per pack
HP1X403	Dyna-Brite™ reflective strips - Orange	16 strips per pack
HP142C	Replacement 4-point chin strap	Each
EP81540	Clear visor .04 in thickness	10 per pack
EP815P40	Clear polycarbonate visor .04 in thickness	10 per pack
NP112	Cap mount dielectric earmuff, NRR20	Pair
NP114	Cap mount dielectric earmuff, NRR25	Pair
NP116	Cap mount wire earmuff, NRR23	Pair
NP118	Cap mount wire earmuff, NRR25	Pair
