

OverSeal™

OTG Safety Glasses with Rubber Gasket, Headband, Clear Lens and Fogless® 3Sixty™ Coating

- Over-the-glass design helps keep prescription eyewear users in compliance
- Can also be worn by itself as a regular safety glass
- Rubber gasket forms a seal to keep out dust and airborne particles
- Flexible temples provide a secure fit without uncomfortable pressure points
- FogLess® 3Sixty™ enhanced hydrophobic action resists lens fogging and provides clear vision in extreme working conditions
- Di-electric, non-conductive frame
- Can be worn with or without headband strap
- Meets ANSI Z87.1+
